

JUAN ARCINIEGA

OBJECTIVE Looking for an environment where I can learn and grow more in Javascript technologies while providing expertise in CSS, SASS and Responsive design.

SKILLS & ABILITIES HTML5/CSS3, SASS, jQuery, Zurb Foundation, Bootstrap, Blueprint, 960 Grid, GIT, Mercurial, WordPress, SEO, Google Analytics, UX Experience, Responsive Design (Web Interface and Email), HTML Emails, Photoshop, DreamWeaver, Flash, Jira, Redmine. I've also built custom templates for WordPress, Joomla, Drupal and Facebook.

EXPERIENCE

CODE DISTRICT | HTML/CSS INSTRUCTOR

08/16 – Present

Currently teaching night courses for a tech boot camp. Material covered is HTML5/ CSS3, SASS, Zurb Foundation and Responsive design. Note: My portion of this course ends on September 23rd, 2016.

OVERSEE.NET | WEB DEVELOPER

09/14 - Present

Built and maintained the front end of our main sites [PlanMyTrip.com](#), [AboutAirportParking.com](#), [LowFares.com](#) and [FareSpotter.net](#) as well as building responsive emails for marketing. These were SASS heavy projects. Recently got converted to contractor as the company is getting ready to shut down.

BLITZ DIGITAL AGENCY | FRONT END DEVELOPER

9/12 – 9/14

Built templates and maintained CSS for numerous high maintenance clients which included: Disney, Mattel, FX Networks, Kaiser and Dole. Also built many responsive email templates.

CONSUMER TRACK | WEB INTERFACE DEVELOPER

7/10 – 9/12

Built landing pages to drive traffic into our main site, [GoBankingRates.com](#), which I also built and maintained. Built and maintained WordPress layouts for financial blogs using WordPress.

ABCO TECHNOLOGY | HTML/CSS INSTRUCTOR

10/08 – 7/10

Taught HTML and CSS to adults looking to get into the field of technology.

WOLF SOCIAL MEDIA | FRONT END DEVELOPER*01/08 – 10/08*

Built custom Myspace layouts for celebrities and nightclubs to assist with their promotions. Maintained event posts and images.

FREELANCER | SELF EMPLOYED*01/06 – 10/08*

Worked on various projects that ranged from simple mom and pop shops to slightly bigger CMS projects built on WordPress/Joomla and Drupal. Made lots of long term clients who are available as references.
